Question ID : 236677640

Status : Answered

Q. प्रश्न 4(B) निम्नांकित पाठ का 100 शब्दों में सार लिखिए।

5

जलवायु – किसानों के बीच स्मार्ट खेती के तरीके, मसलन सिंचाई हेतु सौर जैसी स्वच्छ ऊर्जा आदि का प्रयोग धीरे-धीरे स्वीकार्यता पा रहा है। सौर ऊर्जा द्वारा पैदा की गई बिजली को स्थानीय ग्रिड में भेजने हेतु किसानों को प्रोत्साहित किया गया है। फसल उपज भविष्यवाणी मॉडल में मिट्टी और फसल के स्वास्थ्य की निगरानी हेतु कृत्रिम बुद्धिमत्ता एवं ड्रोन तकनीकी का प्रयोग जारी है। स्मार्ट खेती फसल की विवधता को बढ़ाती है, जो कि किसानों की बारिश के पानी पर निर्भरता को कम करती है। भारत में लगभग एक हजार कृषि तकनीक के स्टार्ट-अप मौजूद हैं। ये सभी किसानी तकनीक के प्रयोग को बढ़ावा देने में किसानों की मदद करते हैं। भारतीय कृषि क्षेत्र से संबद्ध क्षेत्र; पशुपालन, वानिकी एवं कटाव, मछलीपालन, और एक्वाकल्चर धीरे-धीरे बेहतर किसानी एवं आय के बेहतर संभावना क्षेत्र के रूप में विकसित हो रहे हैं। इन संबंधित क्षेत्रों के विकास के महत्व को देखते हुए, किसानों की आय दोगुनी करने वाली समिति (डीएफआई 2018) ने दुग्ध उद्योग, पशुपालन, मुर्गी पालन, मछलीपालन एवं मधुमक्खी पालन को उच्च विकास क्षेत्र के रूप में चिन्हित किया और इन पर केंद्रित सहगामी नीतियों के तंत्र विकसित करने की अनुशंसा की है।

Question ID : 236677641

Status : Not Attempted

दुग्ध उत्पादन घटक, जो इस क्षेत्र का सर्वाधिक प्रमुख उत्पाद हैं, पशुपालन क्षेत्र का सर्वाधिक चुनौतीपूर्ण घटक है, जिसमें लगभग आठ करोड़ किसान सीधे कार्यरत/जुड़े हैं। मांस और अंडे जैसे अन्य पशु उत्पाद भी महत्वपूर्ण हैं। भारत दुग्ध उत्पादन में विश्व में पहले स्थान पर, अंडा उत्पादन में तीसरे और मांस उत्पादन में आठवें स्थान पर है। संबंधित क्षेत्रों के महत्व, आधारभूत संरचना के विकास एवं पशु संबंधित उत्पादों की उत्पादकता को बढ़ावा देने के साथ संबंधित क्षेत्र की बीमारियों को कम करने हेतु सरकार ने अनेक महत्वपूर्ण सुझाव रखे हैं। आत्मनिर्भर भारत की आरंभिक योजना के अंतर्गत, पशु-कृषि आधारभूत संरचना विकास मद (एएचआईडीएफ) के तौर पर पंद्रह हजार करोड़ रुपए 2020 में जारी किए गए। इस योजना के अंतर्गत केंद्र सरकार तीन प्रतिशत ब्याजपर माली मद उधार लेने वाले और प्रतिभूति को कुल उधारी के 25 प्रतिशत तक धन उपलब्ध करवाती है।

Comprehension:

Read the following passage and answer the questions that follow on the basis of this passage:

Not long ago women faced tremendous barriers as they sought opportunities that would set them on an equal footing with men. Going back a mere quarter of century. Inequality between women and men was widely apparent-in university classrooms, in the workplace, and even in homes. Since then, the lives of women and girls have improved dramatically in many respects-rich and developing-they are going to school more, living longer, getting better jobs, acquiring legal rights and protections. But gender gaps remain. According to World Development Report on Gender Equality and Development, closing gender gaps matters for development and policy making. Every aspect of gender equality-access to education and health, economic opportunities. voice within households has experienced change in the past years.

SubQuestion No : 81

Q.81 In the above passage which word is similar in meaning to 'ACCESS'

- Ans
- 1. coerce
 - 2. ability
 - 3. submit
 - 4. right

Read the following passage and answer the questions that follow on the basis of this passage:

I started running more than a decade ago to achieve sustained fitness. I enjoyed running more than I thought I would actually and got addicted to it quickly. Surprisingly, in addition to fitness, I got a meditative experience, which makes running my stress buster. When you work hard in want of something and you do get you're your mind craves for more. The marathon bug bit me too. I once hear a joke about marathons. They say that a marathon race is akin to a show where the audience pays for the show and also performs the shows. It is true in that sense but there is more to it than meets the eye. In marathon every race, right from start teaches something new, but the ultimate lesson is the right preparation for the race. Also the term race here is a misnomer as most people run to meet their personal objectives as opposed to race over the other runners or to attain a podium finish. On race day, when thousands of people assemble, it creates an euphoria of ambience. which gets the adrenaline kicking and pumping before the race. Every race is a important lesson for life. Wouldn't life be a lot better if people consider every challenge in life as a marathon and set similar self-objectives, preparing themselves and working to meet their own goals rather than competing against one another to get to the finish line. Marathon is not a rat race; life needn't be either.

SubQuestion No : 89

Q.89 What does the phrase 'there is more to it than meets the eye' means

- Ans
- 1. Obscure
 - 2. It involves more things than originally thought
 - 3. Clearly visible
 - 4. More than one pair of eyes

Comprehension:

Read the following passage and answer the questions that follow on the basis of the information given in the passage.

M.I.T's Tonegawa might never have received his Nobel Prize if it were not for U.S. immigration laws. After his visa expired in 1971, Tonegawa, who had recently completed his Ph.D at the University of California at San Diego, was forced to leave the U.S. He ended up at Switzerland's Basel Institute for Immunology, where he managed to solve a puzzle that had baffled biologists for a century.

Tonegawa proved that cells accomplish the herculean task of making antibodies by reshuffling parts of the genes that govern the production of antibodies, the cellular building blocks of the immune system. He likens the process to rearranging the boxcars on a freight train.

"The dogma was that the order of the genes in any one person is immutable," he says. "The freight train never shifts its cars around. "

In spite of prevailing theory, Tonegawa found that the "cars" did indeed rearrange themselves in a multitude of different configurations to make the antibodies that fight off diseases. His work has led to discoveries of how some cancers form and could help in understanding such immune disorders as AIDS or rheumatoid arthritis. To appreciate why the immune system goes wrong, notes Tonegawa, researchers must first understand what happens when it is going right.

SubQuestion No : 93

Q.93 Mr. Tonegawa was awarded the Nobel Prize for discovering-

- Ans
- 1. the fact that the order of the genes is immutable.
 - 2. causes of immune disorders.
 - 3. none of the above
 - 4. the production of antibodies.

Comprehension:

Read the following passage and answer the questions that follow on the basis of the information given in the passage.

The only way to promote freedom is to devise a set of rules and thus construct a pattern which the various members of that society can follow. Each can then determine his own acts in the light of his knowledge of the rules. On this basis each can predict his field of action in advance and what results are likely to ensue from his acts; and so he gains freedom to plan and to carry out his plans. The more you attempt to administer society, however, the less free it becomes. There is opportunity for freedom of choice only in acting subject to the rules and then only if the rules are freed of any element of will or dictation. If these rules are just rules that tell you what method or act will yield what results, like the rules of a game, you can then freely determine your own play. You can use the rules to win the game. The more abstract and objective the rule, the freer is the individual in the choice of his alternatives. The rules must be so written as to cover every possible eventuality of choice and action.

SubQuestion No : 97

Q.97 Sensible rules can do all the following for us except,

- Ans
- 1. make us realise the possible results of our actions.
 - 2. offer us freedom of choice.
 - 3. encourage all to follow rules.
 - 4. enable us to predict our field of action.
